Yangon, Myanmar

Lin Phone Myint Zaw

Summary

A Full-Stack Developer with over 2 years of experience in building scalable web and mobile applications. Proficient in **React Native Expo**, **Next.js**, and **React.js** for frontend and **Node.js**, **Express.js** and PostgreSQL/MongoDB for backend. Skilled in agile/Scrum environments, technical documentation, and modern DevOps practices, with a strong drive to deliver high-quality, scalable and maintainable production-ready software.

Skills

- **Frontend**: React Native, Expo, React.js, Next.js, HTML, CSS, JavaScript
- **Backend**: Node.js, Express.js
- **Databases**: PostgreSQL, MongoDB, MySQL
- **Languages**: TypeScript, JavaScript, Python, Java
- **Tools/Libraries**: Docker, AWS, Git/GitHub, CI/CD, Jira, Jest, Sequelize
- **AI/ML**: TensorFlow, PyTorch, OpenCV, Computer Vision, Custom Model Training
- **Soft Skills**: Collaboration, Teamwork, Systematic Documentation and Self Management, Adaptability, Flexibility

Experience

Software Developer (Freelance)

April 2023 - Present

- **Mobile First POS System**: Currently building a cross-platform POS app using React Native Expo and Nest.js. developing the mobile app and contributing to the backend, while collaborating with stakeholders to secure funding for launch.
- **E-Commerce App (Client: Yoyic):** Developing an E-Commerce mobile app with React Native and Express.js. Established CI/CD pipelines for automated testing and deployment, and coordinated with frontend developer to ensure data integration between client app and admin panel.
- **EdTech Platform** (**Client: Technortal**): Built the core backend using Express.js and PostgreSQL. Implemented business logic for multi-role authentication, course enrollment, a gamified community forum (XP/Point system), and payment verification. Managed the SDLC by defining sprints and tasks for the frontend team of developer and designer.
- **Info Smart Campus (Info Myanmar College)**: Managed the complete Apple App Store release process for Info Myanmar College, handling certification requirements, provisioning profiles, and ongoing version updates.

HighGround – Mobile Developer (Remote)

July 2025 – December 2025

- Developed cross-platform mobile applications using React Native Expo within an Agile environment.
- Golf Ecosystem App: Built features for a golf store management app, including course reservations, user statistics visualization, and event management.
- Real-Time Streaming App: Implemented real-time features for a mobile streaming platform using WebSockets.
- Documentation: Wrote technical documentation to translate business requirements to development requirements.

NTT Data Myanmar – Junior System Engineer (Application Development)

April 2025 – June 2025

- Contributed to development for a major FinTech system renewal project.
- Participated in system design phases (External/Internal Design), implementation, unit testing, and integration testing.
- Executed documentation and development within a structured enterprise environment.

Education

BSc (Hons) in Computing | Edinburgh Napier University

August 2023 – March 2025

- Graduated with First-class Honours and Distinctions

Higher National Diploma in Software Engineering | Info Myanmar College

April 2022 – June 2023

- Graduated with Merits

Certifications

- TOEFL ITP (597) – 2024
- IT Passport – 2022 (ITPEC)
- Basic Linux Skills – Ymax (2019)
- Network Engineering – MBT (2018)
- Intermediate English – Success Language Academy (2018)

Independent and Academic Projects

- Intelligent Home Surveillance System with Facial Recognition and Object Detection (Next.js + MongoDB)
- Property Investment Mobile Application (React Native Expo)
- Personal Financial Management Application (React Native Expo + Express.js + MongoDB)
- Inventory Management System (MERN Stack)
- Peer to Peer Rental Platform (Next.js + MongoDB)
- Hotel Booking System (React.js + Flask + MongoDB)
