Yangon, Myanmar

Lin Phone Myint Zaw

Summary

A developer with active freelance experience in Full-Stack development. Successfully developed and deployed backend solutions for EdTech and E-commerce clients using Node.js and PostgreSQL. Proficient in agile collaboration, technical documentation, and modern DevOps practices, with a strong drive to build scalable, high-quality software.

Experience

Freelance Developer

Present

- Ecommerce App (**Client: Yoyic**): Developing a cross-platform app with React Native Expo, integrating backend APIs and automated testing workflows.
- EdTech Platform (**Client: Technortal**): Built core backend using Node.js and PostgreSQL, implementing automated testing and CI/CD pipelines for stable deployment.
- Info Smart Campus: Managed the complete Apple App Store release process, handling certification, provisioning, and successful submission for Info Myanmar College.

HighGround – Mobile Developer (Remote)

July 2025 – December 2025

- Developed cross-platform mobile applications using React Native Expo within an Agile environment.
- Implemented real-time features for a mobile streaming platform using web sockets.
- Translated customer requirements into technical documentation to clarify project scope.

NTT Data Myanmar – Junior System Engineer (Application Development)

April 2025 – June 2025

- Contributed to backend development for a major FinTech system renewal project.
- Executed requirement gathering and documentation within a structured enterprise environment.

Technical Skills

- **Frontend**: React Native Expo, React.js, Next.js
- **Backend**: Node.js, Express.js
- **Databases**: PostgreSQL, MongoDB, MySQL
- **Languages**: TypeScript, JavaScript, Python, Java
- **Tools & AI**: Docker, AWS S3, Git/GitHub, Jira, TensorFlow.js

---
