Yangon, Myanmar

Lin Phone Myint Zaw

Summary

A Full-Stack Developer with 3 years of experience in building scalable web and mobile applications. Proficient in **React Native Expo**, **Next.js**, and **React.js** for frontend and **Node.js**, **Express.js** and PostgreSQL/MongoDB for backend. Skilled in agile/Scrum environments, technical documentation, and modern DevOps practices, with a strong drive to deliver high-quality, scalable and maintainable production-ready software.

Skills

- **Frontend:** React Native, Expo, React.js, Next.js, HTML, CSS, JavaScript
- **Backend:** Node.js, Express.js, Nest.js
- **Databases:** PostgreSQL, MongoDB, MySQL
- **Languages:** TypeScript, JavaScript, Python, Java
- **Tools/Libraries:** Docker, AWS, Git/GitHub, CI/CD, Jira, Jest, Sequelize
- **AI/ML:** TensorFlow, PyTorch, OpenCV, Computer Vision, Custom Model Training
- **Soft Skills:** Collaboration, Teamwork, Systematic Documentation and Self Management, Adaptability, Flexibility

Experience

Smilax Global Co., Ltd – Mobile Developer (Mid - Senior Level)

May 2026 – Present

- Developing and maintaining the mobile application for SSHR, a self-service human resource management system, using React Native.
- Contributing to the development of Nest.js-based microservices architecture for the SSHR platform.

Software Developer (Freelance)

April 2023 - Present

- **SchoolFlow - School Management System (Client: SchoolFlow):** Developed a mobile app for students, parents, and schools featuring attendance, assignments, payments, chat, and role-based dashboards.
- **Yoyic - E-Commerce App (Client: Yoyic):** Built an e-commerce mobile app using React Native and Express.js, including CI/CD pipeline setup and API integration.
- **Technortal - EdTech Platform (Client: Technortal):** Developed the core backend with Express.js and PostgreSQL, implementing authentication, course enrollment, forum, and payment features.
- **Info Smart Campus (Info Myanmar College):** Managed Apple App Store deployment, provisioning profiles, certifications, and version updates.

- **Mobile First POS System:** Currently developing a cross-platform POS system using React Native Expo and Nest.js, contributing to both mobile and backend development.

HighGround – Mobile Developer (Remote)

July 2025 – December 2025

- Developed cross-platform mobile applications using React Native Expo within an Agile environment.
- Golf Ecosystem App: Built features for a golf store management app, including course reservations, user statistics visualization, and event management.
- Real-Time Streaming App: Implemented real-time features for a mobile streaming platform using WebSockets.
- Documentation: Wrote technical documentation to translate business requirements to development requirements.

NTT Data Myanmar – Junior System Engineer (Application Development)

April 2025 – June 2025

- Contributed to development for a major FinTech system renewal project.
- Participated in system design phases (External/Internal Design), implementation, unit testing, and integration testing.
- Executed documentation and development within a structured enterprise environment.

Education

BSc (Hons) in Computing | Edinburgh Napier University

August 2023 – March 2025

- Graduated with First-class Honours and Distinctions

Higher National Diploma in Software Engineering | Info Myanmar College

April 2022 – June 2023

- Graduated with Merits

Certifications

- TOEFL ITP (597) – 2024
- IT Passport – 2022 (ITPEC)
- Basic Linux Skills – Ymax (2019)
- Network Engineering – MBT (2018)
- Intermediate English – Success Language Academy (2018)
